School and Community
Long Beach has been recognized as the most ethnically and culturally diverse municipality among the nation’s 100 largest cities. Opened in 1933, and located in the inner city, the school enrolls 3,595 students in grades 9-12. Long Beach Jordan is accredited by the Western Association Schools and Colleges.

School’s Diversity

Specialized Programs
- **Academic Path to Excellence (APEX), instituted in 2014 – 2015**, is a rigorous college preparatory program committed to preparing students for college level work. The APEX curriculum exceeds the minimum “a-g” requirements. Upon completion of the adopted curriculum, APEX Scholars are prepared to excel at the university level.
- **Architecture, Construction and Engineering (ACE Academy)** The A.C.E. Academy is a California Partnership Academy. This unique program provides guest speakers, fieldtrips, internships and partnerships with Long Beach City College, California State University, Long Beach and with industry professionals and businesses. ACE offers skill preparation and hands-on training, along with university preparation.
- **Aspirations in Medical Services (AIMS Academy)**, a California Partnership Academy, offers an academically challenging four-year program for students interested in the medical field through academic and vocation education. Through internships, guest speakers, and hands-on career investigations, AIMS students experience first-hand, the opportunities that exist in the medical field.
- **International Baccalaureate (DP)** The IB Diploma Programme is recognized and respected by universities worldwide, and is a natural extension for students who have taken IB coursework in the Middle Years Programme (MYP). The DP offers university bound students in grades 11 and 12 the opportunity to participate in an internationally recognized honors program. It prepares students for the rigors of university level coursework through advanced level IB classes in math, science, History, English, World Language, and the Arts, focusing on Global Awareness.

Smaller Learning Academies
The Jordan Academies provide “A-G” coursework while also focusing on specific career pathways to expose students to a variety of post secondary options.
- **BESTT Academy of Hospital and Tourism** Emphasizes technology, computer information systems, finance, accounting, travel and tourism.
- **Excellence through the Arts (ETA)** is designed for artistic, creative thinkers with a focus on visual and performing arts.
- **Jordan Media and Communications Academy (JMAC)** is technology driven. Students connect with businesses and community colleges and businesses that focus on digital media arts.
- **Jordan Technology Academy (JTECH)** draws students who are interested in innovation through technology.
- **PANTHER Academy** utilizes AVID and AVID strategies in preparation for careers in education and the legal profession.
